

Name \_\_\_\_\_ Date \_\_\_\_\_

Your art teacher has asked your class to complete a research project on a famous architect to share with other students. From the list of posted architects, choose one and research the following topics below:

- 1. Architect's name and date of birth**  
Indicate whether or not passenger elevators had been invented.
- 2. Childhood**
- 3. Education**
- 4. Style of architecture**
- 5. Important accomplishments**
- 6. Example of work**

Once you have completed all of the research, create a three-dimensional cube using the dimensions provided. Each side of your cube will represent a different topic of research. Include at least two illustrations along with the written information on your cube.

Each square should be 6" x 6".
